

Loubet Cabernet

Winemaker's Tasting Notes

2003 Loubet Cabernet Sauvignon

A nicely textured wine of medium to full body exhibiting the up front lushness of sweet black cherries. A somewhat smoky and black fruit nose. Well integrated tannins with just enough French oak to know it's there. A rich wine deserving of a bit of bottle ageing. The grapes are from the lower flank of Howell Mountain in St. Helena.

The winemaker of Loubet Cabernet is highly regarded Art Finklestein. Art founded Whitehall Lane Winery in 1979 where he received many awards for his Cabernet Sauvignon and Merlot wines. He is a first-class, hands on viticulturist. Currently, he is a featured winemaker at the Sundance Film Festival.
